ZOLA EYEBROW TINT  
NEW INNOVATIVE COLOURING SYSTEM  
New word in the world of eyebrow dyes

A permanent dye that is gentle on hair and skin due to the new generation soft lye, **DMAMP ULTRA PC**, but gives a bright, lush coloring on hair and skin due to the increased amount of coloring substances.

Zola dye has a rich coloristic of 5 colors and an excellent care composition based on hydrolyzed collagen.

Comfortable texture, has two shades at the same time creating reddish-brown color. You can immediately see where you are applying the dye.

---

Handy, ergonomic 15 ml tube with an excellent pricequality ratio.

---

A rich color palette of 5 shades: **light brown, warm brown, brown, dark brown, graphite**. Beautiful universal shades, you can choose a shade for any type of appearance.

---

New generation gentle lye **DMAMP ULTRA PC**

---

Incredibly rich composition of paint, which includes hydrolyzed collagen, lanolin, sorbitol.

---

The unique lamellar structure of the paint. A new technology in cosmetic chemistry gives the texture of the dye maximum resemblance to the skin and its layers. This makes the Zola dye brighten the skin and effectively «delivers» into the epidermis with dyes and caring components.

01 LIGHT BROWN

A universal shade for blondes and blond-haired women, it does not darken the hair and has a unique coloring - on warm women it lays down a warmer shade, and on cold women - a cooler shade.

02 WARM BROWN

Perfect for redheads and warm brunettes, has a rich copper-brown hue.

03 BROWN

A versatile brown shade, it takes on skin tightly and will suit anyone who wants a neutral brown shade, from dark blondes to brunettes, brunettes and redheads.

04 DARK BROWN

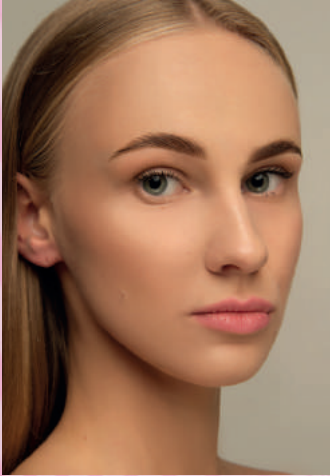

Neutral dark brown shade, has a neutral base, suitable for brunettes, brown hair and dark blondes.

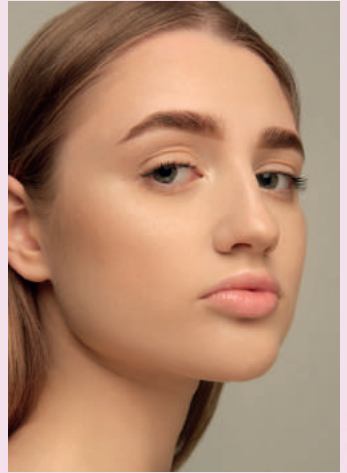

05 GRAPHITE

The cold graphite shade can be used on its own or as a color corrector. When added to brown, dark brown, light brown, you get cooler shades.

**ZOLA Oxidant** - The oxidant is specially formulated for ZOLA dyes - we recommend to use them in combination to achieve a superior color result and long lasting effects.

It contains 3% & 1,8% hydrogen peroxide, due to which the maximum saturation and brightness of the shade is achieved, but at the same time it acts softly without damaging the hair structure. The advantage of the creamy mixture is its economy and ease of use for the master.

FIVE INCREDIBLE COLOURS OF ZOLA DYE IN A SACHET.

- Small handy package.
- The sachets are easy to use and to take with, take up little space and require no additional packaging.
- Up to 15 treatments per sachet.

**ZOLA Skin Color Remover - The product is designed to remove paint residue from the skin after coloring.**

The consistency allows you to control the amount of product and get rid of even the smallest nuances.

Thanks to its special composition based on raspberry ketones, it gently cleanses the surface of the skin without drying it out.

Raspberry ketone has a general strengthening effect, stimulates hair growth and prevents the signs of early hair loss.

# DELICATE BLUE-BLACK PAINT 06

The innovative formula containing hydrolyzed collagen is designed specifically for the sensitive skin around the eyes.

With our new product you will quickly get an expressive effect of eyelashes for a long time.

The color can also be used for eyebrows and mixed with other colors presented in the ZOLA color palette.

## BROW&LASH LAMINATION SYSTEM

Fast and  
predictable  
in action

Good for shaping  
even stiff and thick  
hairs

Stylish and convenient  
vacuum pack

Convenient, economical  
product consistency

**1** Lifting Gel - the first stage is designed to open the scales of the hairs and the injection of the active ingredient, the main active ingredient is thioglycolate, acts quickly and reliable. The composition of this product includes hydrolyzed keratin, which in turn softens the action of the active components.

**2** Volume Fixer - The second stage is designed to stop the reaction started by the first formulation instantly, and ensures the perfect result of the lamination procedure. Contains hydrogen peroxide up to 2%.

**3** Keratin Serum - Unique complex eyebrow and eyelash care, containing hydrolyzed keratin, glycerine, panthenol, lactic acid, which saturates and moisturizes hair from the inside. The ingredients of the formula are completely absorbed into the hairs in a few minutes.

- Cysteamine HCL and Ammonium Thioglycolate
- PROTEOM Complex (Hydrolyzed Wheat, Oat, Ginseng, Hops, and Silk Proteins)
- Hydrolyzed Soy Protein
- Avocado Oil
- NMF Complex (Extracts of Burdock Root, Nettle, Nasturtium, Lactic Acid, and Sodium Lactate)
- LIPID Complex (Avocado and Crambe Oils, Vitamin E)

### PROTEIN STRONG LIFTING -

is the **FIRST STAGE** of an innovative Zola eyebrow and eyelash lamination system. This product is crafted for professional use, employing a scientific approach in formulating ingredients to achieve maximum impact, ensuring a stunning end result.

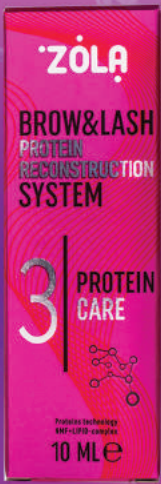

### PROTEIN FIXER -

is the **SECOND STAGE** of an innovative Zola eyebrow and eyelash lamination system. This product neutralizes the action of the first compound and forms new disulfide bonds in an updated configuration (setting the new shape). The formula promotes the restoration of the natural layer in areas prone to damage, reducing fragility and aligning the hair's hydrogen levels.

### PROTEIN CARE -

is the **THIRD STEP** in Zola's innovative eyebrow and eyelash lamination system. The special formula of the third compound is designed to restore the hair's own protein and lipid mass (**CORTEX-CUTICLE**) on three levels: **RECONSTRUCTION - MOISTURIZATION - NOURISHMENT.**

# ZOLA HENNA MIXER

The henna activator is an irreplaceable ingredient for working with henna. When it is used, we get a brighter colour and a more lasting dye. The henna consumption is reduced and the additional active ingredient of coltsfoot strengthens the roots of the hair. A natural polymer with Fucus retains moisture inside the cortex and continues the action of the henna. Therefore the colouring is more stable and long-lasting.
